

Collaboration for Community Resilience (COVID 19)

In the recent C4Cr meeting, the group focussed on looking towards the future and learning from the COVID 19 environment with a focus on the digital environment. The group centred the discussions what we want the future to look like and how we can act together to make it happen. The group kept in mind what we want to **restore** – what did we stop that we need to do again; **retain** – what have we started the we need to do more of; **refrain** – what did we stop the needs to stay stopped, **reimagine** – what could the future look like to be even better.

Themes around access, building skills and confidence and collaboration emerged.

Virtual Q & A Session

HOW TO REDUCE THE SPREAD
OF CORONAVIRUS WITHIN YOUR
EDUCATION SETTING

Thursday 11th June, 4pm to 5pm
via Zoom

Portland District Health and Southern Grampians Glenelg PCP are holding a virtual Q & A session on why and how to reduce the spread of Coronavirus within the education setting.

This is an opportunity to seek advice from local public health experts on how to make adaptations within your unique environment to ensure the health and safety of staff, students and the community.

Topics covered will be dependent on participant's questions and are not limited to: understanding of coronavirus transmission in different age groups, hand washing, social distancing and hygiene and personal protective equipment use.

The panellists will include:

- Dr Kaushik Banerjea, Director of Medical Services at Portland District Health (PDH)
- Loren Drought. Director of Quality and Infection Control Coordinator (PDH)
- Gaylene Juri Environmental Manager, (PDH)

Please click the link below to join the webinar:
